 Rangwasa (Indore, MP)

ABOUT ME

A versatile and results-driven Full-Stack Developer and Data Science enthusiast with a strong foundation in building scalable web applications and extracting actionable insights from complex datasets. Having completed advanced training from Oracle University and specialized certifications in Cyber Security from Deloitte, I bring a security-first mindset to software development. I am a dedicated problem-solver with over 200+ LeetCode challenges solved, committed to leveraging my technical expertise to build data-driven, secure, and user-centric solutions.

TECHNICAL SKILLS • Mern-Stack, Rest API, MS Word, MS Excel, MS Power point, Git, GitHub, Power BI

SOFT SKILLS • Problem Solving, Team Work, Adaptability

EXPERIENCE

- ✦ **MERN Stack Developer Intern | 6 Months**
Digital Fly High Solutions

December 25 – June 26
Indore, MP

 - Working as a MERN Stack Developer Intern, gaining hands-on experience in full stack web development.
 - Developing frontend interfaces using React.js and implementing backend APIs with Node.js and Express.js.
 - Worked with MongoDB for database design, data management, and CRUD operations.
 - Utilized Git, GitHub, and Agile methodologies for collaborative development and efficient project delivery.
- ✦ **Full Stack Developer Intern | 6 Months**
Sunstone, Coding Block

May 25 – October 25
Indore, MP

 - Participated in end-to-end software development, including coding, testing, debugging, and deployment.
 - Designed responsive user interfaces and implemented dynamic functionalities to enhance user experience.
 - Collaborated on project development, testing, and performance optimization following industry-standard.
 - Developed responsive web applications using modern web technologies.

PROJECTS

- **HRM GALAXY FM – One Earth Endless Radio**

2026

Global radio streaming platform with optimized APIs & responsive UI.
- **AFTERCALL**

2026

MERN-based system with secure auth, call logs & real-time processing.
- **CRM – Customer Relationship Management**

2026

Manages leads, customers & interactions efficiently.
- **HELICOPTER GAME**

2025

HTML5 Canvas helicopter game with smooth physics & multi-input controls.
- **SHOP ZONE**

2025

E-commerce platform with secure login, product filtering, and dynamic features.

EDUCATION

Bachelor of Technology – Computer Science Engineering
Sage University, Indore

July 2022 – June 2026
CGPA : 8.64

CERTIFICATIONS

- ✦ Fullstack Developer – Infosys (2026)

✦ Cyber Security Foundation – Deloitte (2026)

✦ Data Analyst – Python (2026)

✦ Gemini Certified Student – Google (2026)
- ✦ Power BI – Microsoft (2025)

✦ Data Science – Oracle University (2025)

✦ Python Programming – Sage University (2024)

✦ C & C++Programming – Maa Computer System (2022)
